TELEGRAPHIC BRIEVITIES.

—Bar silver 101 1/4.
—Edgar Ravul Duval, the well-known French politician is dead.
—Seventy of the Balantyre, Scotland, miners who looted a store yesterday were arrested.
—Two thousand retired German officers are said to have asked to be kept in active service.
—The Italian Government is to be placed in direct telegraphic communication with its forces in Sudan.
—The disagreement between the Senate and House on the Anti-polygamy bill is in a fair way of re-adjustment and the bill will doubtless pass about as it came from the House.
—Six hundred Alsatians who had been summoned to join the German reserves, have crossed into French territory, dreading an outbreak of war.
—A Vienna paper says that in a recent interview, a French Statesman said that France will not commence hostilities, owing to the belief that the power which begins the next war will be defeated.
—An Indian War Feared.
An Albuquerque (N.M.) special says: George Lockhart, a Deputy Sheriff of Navajo Springs, accompanied by Ed. Palmer and Tom King, started Monday morning for the Navajo Reservation to arrest an Indian for horse-stealing. They found him in the reservation, surrounded by a large party of the tribe. The Indian resisted arrest, and Lockhart shot and killed him instantly. The other Indians opened fire on the three men, and Lockhart, Palmer and King were killed and left lying where they fell. The Sheriff's posse killed two Indians and wounded two others. The Indians then rode off to Bennett's store, near Manulao Station, on the Atlantic and Pacific Railroad, and stole all the provisions they could carry off. The excitement is high, and the people living around the reservation are afraid the entire tribe will go on the warpath. Another war is imminent.

—The Latest and Greatest Discovery.
Dr. J. De Prati's Hamburg Figs—A crystallized fruit cathartic. A discovery of the greatest interest to the medical profession. A boon to every household. A most delicious laxative or purgative, prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious that adults that a single dose will prove their value, and so elegant a preparation that it need only be presented to the public to become a necessity in every household throughout the land. For liver complaints, habitual constipation, indigestion, dyspepsia and piles they are a specific. To travelers by sea and land they will be found invaluable. They are positively unfailing in their action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the figs as eagerly as candy. For sale by every Druggist throughout the world. Price 25 cents a box. J. J. Mack & Co., Prop's, 9 and 11 Front Street, San Francisco, California.

—A Sign of Hard Times.
San Francisco must, just now, be undergoing a reformation. The society columns of the press of that city, in giving the names of prominent people who attended the Patti opera, mentioned the names of several gentlemen who were accompanied by their wives. There is a chance for San Francisco yet. The announcement speaks volumes for the morals of the city; but it at the same time is a virtual confession of hard times, else why should the ladies do anything so stupid as to accompany their own husbands to a show?

What True Merit Will Do.
The unprecedented sale of "Boschee's German Syrup" within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of coughs, colds and the severest lung troubles. It acts on an entirely different principle from the usual prescriptions given by physicians, as it does not dry up a cough and leave the disease still in the system, but on the contrary, removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctors' bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles. nov29

—An Absolute Cure.
The ORIGINAL ABETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, ulcers, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.
FOR DYSPENTIC and liver complaint, you have a printed guarantee on every bottle of Osburn's Nigalizer. I never fails to cure. Sold by Osburn & Shoemaker.
SHILOH'S CATARRH REMEDY—a positive cure for Catarrh, Diphtheria, and Canker Mouth. Sold by Osburn & Shoemaker.

Notice!
Manning & Jaques have been commissioned by the Reno Gas Co. as a competent firm to do their gas-fitting, and the company would recommend parties having work of the above character to do, to employ only the best workman, thereby saving much annoyance and expense.

Supt. of Reno Gas Co.

FRIDAY, FEBRUARY 11, 1887

Thus far the New Judiciary system has not had such a practical trial as to test its efficiency or to prove the wisdom of the change. It is apparent that it will result in more or less inconvenience, and in some cases hardship. This is not owing to the amount of real work that our courts will have to do, as much as it is to the great territory over which the work will extend. Without some adjuncts to the system which will aid in the expedition of business and afford ready relief when needed, it appears now that there will be much cause of complaint. The distribution of the various counties of the State necessarily takes the presiding Judge, at times, hundreds of miles away from a portion of his jurisdiction, and let the emergency be what it may, both time and money and occasionally private and public interests will have to be sacrificed. Thus far there has been but little proposed legislation looking toward or affording any relief. In this little is an Act which is now pending in the Assembly providing for a Court Commissioner in each county of the State, giving him the power to dispose of certain ex-parte matters and to perform certain other duties that will expedite business, and afford limited relief. This officer is to have no other emoluments than fees, and his services will be a matter of option with those who have business in the courts. That it should be a law, no one who can appreciate the necessity of such an officer, can question. While the office will not be a court, it will be a great auxiliary to the court. The constitutional inhibitions are such that it cannot be as broad as local necessities demand, yet, through it much relief can be afforded. The measure should become a law, and should vest in the Court Commissioner all the power it is possible to do, and if it does not fully provide for that, it should be made to do so.

On Monday last the U. S. Senate, without opposition, passed a bill appropriating \$21,000,000 for ordnance and sea-coast defense. Congressman W. W. Morrow of California has just introduced into the House a bill authorizing the expenditure of \$500,000 for two forts to be built for use in the defense of San Francisco. Congress is in earnest as never before since the Rebellion in preparations for defense in case of war. No city on the continent is more defenseless than the metropolis of this coast. Even Chili, it is said, could in a few hours' time with her gun-boats, raise to the ground the city of San Francisco. What, even in a commercial sense, is to the interest of that city is to the interest of the whole Pacific Coast. Our seaboard cities are exposed, our commercial interests are at the mercy of even inferior and semi-civilized peoples, our humiliation is extreme. Something should be done by this coast to show that we appreciate the situation and that we approve of Congressional appropriations for defense. Senate Joint and Concurrent Resolution No. 19, introduced by Senator Sharon, and relating to the asking of Congress for an appropriation to strengthen our navy, should at once pass our Legislature and be forwarded to our Representatives in Congress.

The Senate and Assembly each should pass a resolution to adjourn some afternoon to visit the Orphans' Home. There is some industrial work carried on there that might give the members of the Legislature ideas as to what purpose the proposed industrial school would serve the State. Besides, it would not be uncomplimentary to the memory of Nevada's former Senator and public benefactor to inspect in an official capacity the Sharon Industrial building.

Assemblyman Farr, of Storey, has introduced into the Assembly a bill to establish and maintain a house of refuge. Should this bill

meet with favor it would be a substitute for Hale's bill to establish and maintain an industrial school. Mr. Farr has given time and study to the investigation of similar schools in other States. There is a growing sentiment that youthful criminals should be reformed and educated, and the streets be rid of hoodlums. The bill has real merit, and we shall take occasion to refer to it again.

There is great opposition on the part of the insurance companies to House bill 55, to regulate insurance companies. They say that should the bill become a law, all insurance companies will refuse to insure realty in this State, and all existing policies will be cancelled.

FOREIGN DISPATCHES

A Clash of Authority.
PARIS, February 11.
At a ball at the Elysee palace last evening a rumor was circulated that Gen. Boulanger's Aid-de-camp had applied to the foreign office for a passport on the ground that he was to bear a letter from Boulanger to the Emperor of Russia; that M. Flourens, the Foreign minister, refused to grant the passport and that a violent scene took place between Gen. Boulanger and M. Flourens, the former explaining that the letter was not for the Czar but for the Russian war minister, and the latter that the communication must traverse the regular diplomatic channels. The Aid-de-camp is still in Paris.

War-Like Indications.
BERLIN, February 11.
Advices from Algiers, published in the Kreuz Zeitung, have caused much excitement here. Despatches say that a number of generals and staff officers have left Algeria to assume their commands in France; that four battalions of the 12th Army Corps, stationed at Algeria have been ordered to hold themselves in readiness to embark. Preparations are being made at the different ports to expedite the shipment of troops. Territorial troops, the despatches say, are to take the place of the battalions leaving Algeria.

The Pope Stands Firm.
ROME, February 11.
In consequence of the recent speeches of the leaders of the German centre party, the papal Secretary sent another letter to the Nuncio at Munich saying the Pope, in spite of the declaration of the Centres leaders, maintains the views expressed in his former letters.

Ordered to Japan.
ST. PETERSBURG, February 11.
The Russian Mediterranean fleet has been ordered to Japan, where the Czar intends to assemble a squadron of considerable proportions.

WESTERN DISPATCHES

Not His First Bomb.
SAN FRANCISCO, February 11.
Many people of this city state that Hodges, who exploded the bomb in the Grand Opera House Wednesday night, is the same man who threw a bomb into the Geddes and Bertrand mine near Eureka, Nevada, about five years ago, for the purpose of killing a miner at work there. The statement of his daughter, to the effect that Hodges had been involved in a quarrel with a miner in that region about the same time, is a partial corroboration of this theory.

Another Version.
DENVER, Colo., February 11.
A News Albuquerque, New Mexico, special says: Further particulars from Monday's bloody tragedy on the Navajo reservation, in which three white men and two Indians were killed, state that everything is as quiet as usual. The reports show that the Indians were not as much to blame as the white men, who made the attack. They should have made their grievances to the Indian agent instead of taking the law into their own hands. The two men who accompanied the deputy to make the arrest of the accused horse-thief were trifling, and bitterly hated by the Indians for very good reasons, and they were not slow in taking advantage of the situation. The Navajos are imposed upon by this class of men and may yet cause this powerful tribe to take the war-path.

Almost a Wreck.
NEW YORK, February 11.
The steamer Waterbury, from Bridgeport, looked like a wreck when she arrived here this morning, the whole port side being one broken mass of wood, iron and ropes. It was ascertained that when near Glen Cove in Long Island Sound, during the night, she was run into by a schooner which came upon her unseen. A heavy fog was prevailing at the time. The schooner backed off apparently uninjured and disappeared and her name was not learned. There were 23 passengers on the steamer, five of them women, and all were in great fright when the collision occurred. The damage to the steamer can easily be repaired.

(PRESS DISPATCHES TO THE GAZETTE)

Heavy Losses by Flood.
LYONS, Mich., February 11.
The flood here is simply terrible; a panic has seized some of the people, and it is impossible to estimate the losses. The water in some places is four feet deep in many residences, and the same state of affairs prevails in the store-rooms. Everybody is moving or preparing to move. Last night was the most exciting the village has ever experienced. Up to last night, three buildings had been washed away and many others were badly damaged. At Muir the same serious conditions prevail, and the merchants have abandoned their stores. Advices from other points are to the same effect, but Lyons seems to be the worst. Three Rivers is surrounded with water and all the shops have been closed at that point. Immense lumber piles are afloat. The Lake Shore Railway track is in great danger of being washed away. At Owosso, six inches of snow fell last night and the river is still rising. A Monroe special says the river has been slowly rising for the last 24 hours, but the ice has broken, giving a free passage to the lake. The banks of the river are lined with immense walls of ice, rising 8 or 10 feet above the present high water mark, and great fields of ice of the same thickness fill all streets adjacent to the river. At Jackson the pressure of water in Grand river in the mill pond above the city was too great, and last night all the sluices were opened with the result that the water rose several feet, and the Grand Trunk bridge is now under water. The cellars in the business blocks in the center of the town are all flooded from 18 inches to 2½ feet. The State fair grounds are completely submerged, and on a large tract of land in the southern part of the city, the water is up to the floors of the dwellings. The prison walls stand in the midst of a lake.

A Young Hardener.

NEW YORK, February 11.
Otto White, 22 years old, last night went to the residence of his step-mother, Elizabeth White, for the purpose of killing her. A servant named Louisa Wolf opened the door in response to White's ring, and as she did so, he fired a bullet through her head and she sank dead upon the threshold. Mrs. White, who had returned with her children, ran to the door and her step-son fired a second time, the bullet entering the cheek of his step-mother. Then young White fled and has not yet been arrested. White's father died about three months ago, leaving his entire effects to his wife. This angered the son, and he has several times threatened to kill his step-mother.

The engineers have refused point blank to obey the order of the District Assembly. At the headquarters of the Assembly this morning the reports of the delegates who had been sent out to see what steps the engineers were taking in the matter of obeying the order, reported that the men refused to quit work. The reports from the breweries were equally as discouraging, and it was generally admitted that the last efforts of 49 had proved a failure. A number of longshoremen stood around their headquarters, and several openly declared that they would go to work unless more financial aid from their union was granted them. A similar opinion was expressed by other men and it would not be surprising if there was a general break in the ranks of the strikers at any moment.

A Flat Refusal to Quit Work.

NEW YORK, February 11.
The order calling on the engineers employed on the steamship and railroad piers to go on a strike, so far as the piers of the river fronts are concerned, has proven a dead letter. A visit to the docks this morning failed to discover a single instance where the stationary engineers had quit work. A visit to the breweries showed that all employees were at work, and the men stated that they have positively refused to obey the orders to stop work and join the army of strikers.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at S. J. Hoagkinson & Co. drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free large bottle \$1. Every bottle warranted.

The Cattle King Makes a Mistake

The other day Joe Scott of Elko county, the cattle king, was in Reno and so concluded to go down to Carson and take a look at the Legislature. Al Fisher went with him into the Senate, which it will be remembered is just opposite and across the hallway from the Assembly. Senator Hardesty came to the railing of the Senate Chamber and after talking to the gentlemen for a few moments, with characteristic politeness, invited both to come inside to take seats beside him. Somewhat absent minded naturally, and evidently thinking of his numerous ranches and his cattle that feed on a thousand hills, Mr. Scott replied nervously: "No, Senator, excuse me please, haven't time to-day, must run across the way for a few minutes to take a look at the other ranch."

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with head ache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and leave you in worst condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at S. J. Hoagkinson & Co's Drug Store.

PEN PORTRAITS.

Something More Concerning Nevada Legislators. CARSON, February 10.

HON. EVAN WILLIAMS

Republican of Ormsby county is a native of Pennsylvania and is now only in his 43d year. He is a large man every way. Physically, there is a striking resemblance to Secretary Lamar, and intellectually I think he is the biggest man in this body. As a parliamentarian he is equal to every emergency. He is ready and a natural speaker, being always desirous to reach the object of a measure without prolonged debate. His ears stand out prominently, and though not large are thick and betoken a large-hearted man and a kind disposition. His eyes are gray, denoting an investigating turn of mind. His nose is of the Grecian order, and says plainly that it can detect the finest flavors discoverable at the banquet; lug board. He is vivacious, and in private life quite loquacious. His company is sought after by all who know him. His modesty, aided by the other qualities that characterize him, gives him a prominence here that very few enjoy. His name is now associated with a proposition to have him succeed Senator Jones, who proposes to retire from public life at the expiration of his term of office. On the whole I can safely say that he is the largest brained Senator in this body; but that he is as unassuming as he is superior.

HON. ROBERT BRIGGS

Of White Pine is a tall but not fleshy gentleman. He was born in Missouri at the time the writer's father left Ireland to escape the cruelties of a government so justly censured the other day by Senator Ingalls, viz: 1836. He has large ears, very large in fact, and they denote too great a quantity of good nature. I think no man ever passed his door step who sought for relief without securing it. He resembles somewhat, Congressman Stogdolen of Mississippi, being slightly stooped. He has gray-blue eyes and they are always bright and inquiring. No doubt that he is a man that has read more deeply and profoundly than any man in the Senate. As a speaker, he goes right to the point, though the effect of his reasoning loses much of its force by virtue of the monotonous nature of his voice. He has a Grecian nose and relishes everything good. He can tell a good story and appreciates one when well told, and is a strict devotee at the shrine of "law and order," which he frequently says is "Heaven's first law." He is a Democrat of the Jackson school and is loud in his condemnation of Mugwump. He is now engaged in mining both in this State and California, while he has large interests in Arizona and New Mexico. He is just the same on the street, in the hotel, as on the floor of the Senate and is highly respected by his colleagues.

HON. W. J. WESTERFIELD

Of Lyon county is a mill Superintendent and native of Kentucky. He is now verging on to 45 years but maintains his long experience in the race of life with wonderful grit. His life, I should judge, is one that has been filled with many adventures. His hair is dark, eyes brown, nose Grecian and ears large. The combination denotes positiveness, sincerity, honesty and observation, to which might be added generosity and an eagerness to know the *a priori* of everything he has to deal with. Among his fellow Senators he is very popular and as an evidence of their good opinion of him they, without regard to political affiliations, jointly signed a petition, in conjunction with all the State officers, to the President, requesting him to appoint Mr. Westerfield to the position of Commissioner under the Inter-State Commerce bill recently signed by the Chief Magistrate. This was done unaware to Mr. Westerfield and places him, even should he not secure the appointment, in an enviable position among his fellow citizens. There is a bright future before him and I trust it shall begin to dawn upon him with the possession of a certificate from Grover Cleveland and then Nevada will be blessed, not only in having recognition on the Board, but an honest and politically disinterested gentleman to look after her interests.

Not a California Bear.

Anybody can catch a cold this kind of weather, the trouble is to let go, like the man who caught the bear. We advise our readers to purchase of Osburn & Shoemaker a bottle of SANTA ABLE, the California King of Consumption, Asthma, Bronchitis, Coughs and Croup Cures, and keep it handy. "This pleasing to the taste and death to the above complaints. Sold at \$1 a bottle or \$3 for \$2.50. CALIFORNIA CAT-RE-CURE gives immediate relief. The catarrhal virus is soon displaced by its healing and penetrating nature. Give it a trial. Six months treatment \$1; sent by mail, \$1.10.

ROBUST HEALTH

is not always enjoyed by those who seem to possess it. The faint of corrupted blood may be secretly undermining the constitution. In time, the poison will certainly show its effects, and with all the more virulence the longer it has been allowed to permeate the system. Each pimple, sty, boil, skin disorder and some of unnatural assemblage, or languor, is one of Nature's warnings of the consequences of neglect.

Ayer's Sarsaparilla

is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruption of the blood. It is the only alternative that is sufficiently powerful to thoroughly cleanse the system of Scrofulous and Mercurial impurities and the pollution of Contagious Diseases. It also neutralizes the poisons left by Diphtheria and Scarlet Fever, and enables rapid recuperation from the enfeeblement and debility caused by these diseases.

Myriads of Cures

Achieved by AYER'S SARSAPARILLA, the past forty years, are attested, and there is no blood disease, at all possible of cure that will not yield to it. Whatever the source of this class, and wherever found, from the scurvy of the Arctic circle to the "yellow-fever" of South Africa, this remedy has afforded health to the sufferers by whom it was employed. Druggists everywhere can cite numerous cases, within their personal knowledge, of remarkable cures wrought by it, where all other treatment had been unavailing. People will do well to

Trust Nothing Else

than AYER'S SARSAPARILLA. Numerous crude mixtures are offered to the public as "blood-purifiers," which only allure the patient with the pretense of many cheap doses, and with which it is folly to experiment while disease is steadily becoming more deep-seated and difficult of cure. Some of these mixtures do much lasting harm. Bear in mind that the only medicine that can radically purify the vitiated blood is

Ayer's Sarsaparilla,

An Opportunity to Secure a Home at Reno!

200 LOTS FOR SALE

The manager of the Lake estate, in order to enhance the value of the property of the estate, as well as assist in

Building Up the Town of Reno

Has determined to offer two hundred fine building lots for sale, some of which are situated in the central part of town, and are very desirable for business purposes. The proposed site for homes is immediately south of the Truckee river, and its elevation affords a magnificent view of the mountains in the distance, and the valley and town near at hand. A more perfect place for an elegant home could not be selected. The soil is good and an abundant supply of water will be sold with each lot. The health of the locality cannot be questioned, as its elevation assures a perfect system of sewerage. Gas mains will be laid through the streets free of cost, for the benefit of those desiring to use them. It is also intended by the owners to lay out a park on the south side of the Truckee river, covering 30 acres, in which the public may enjoy the pleasure of driving, fishing and boating.

The educational advantages of Reno are well known, and the business prospects of the town are assured beyond a doubt. Purchasers of these lots may feel confident that the best of terms will be offered, and they will be fairly dealt with. For further particulars, address

Freacher and Landlord.

When Rev. Dr. Tappan was the agent of the American Home Mission Society, he once made a trip through the northeastern part of Maine on horseback. It was before the day of railroads. On arriving at Matamoras, where he was pleasantly entertained, he was told he had better remain over night there, as the place which he intended to make his next station was rather rough and uncomfortable, and the landlord was a rascally, blasphemous man, who might not see him well. But Dr. Tappan was anxious to carry out his itinerary as he had planned it, and journeyed on. He arrived at his destination at dusk. The landlord came out, greeted him cordially, took his horse and put him up, hastened in to help entertain his reverend guest, prepared a nice warm supper for him, and was as polite as a lightning rod agent.

Just before Dr. Tappan retired, the landlord and all his family, arranged in procession according to their ages, filed into the room with much decorum, and the doctor was asked to lead them in family worship, which he cheerfully did.

The next morning, after the doctor had dressed, the host, his wife, his boys, and his girls, all neatly attired, came in again, and the same request was made and granted.

After a good breakfast, the doctor's nag was brought to the door, saddled and bridled, and the good man proceeded to go on his way. He asked for his bill.

"Not a cent," said the landlord, cheerily.

The doctor thought this reply was strange from a landlord preceded by such an ill reputation, and said, "Why I must pay you for my entertainment."

"You don't owe me a cent," said the inn-keeper. "The fact is that tin peddlers, butchers, drovers, fishermen, and all classes of people come here to stop with me, and I make it a point to take my pay in their own line whenever I can. I've done the same by you. You've paid. Good morning, sir."

The good old divine used to tell this anecdote himself with good relish.—*Lewiston (Me.) Journal.*

Beautiful Women

Are made pallid and unattractive by functional irregularities which Dr. Pierce's "Favorite Prescription" will infallibly cure. Thousands of testimonials. By druggists.

Is It Not Singular.

That consumptives should be the least apprehensive of their own condition, while all their friends are urging and beseeching them to be more careful about exposure and overdoing. It may well be considered one of the most alarming symptoms of the disease, where the patient is reckless and will not believe that he is in danger. Reader if you are in this condition, do not neglect the only means of recovery. Avoid exposure and fatigue, be regular in your habits, and use faithfully Dr. Pierce's "Golden Medical Discovery." It has saved thousands who were steadily falling.

Don't hawk, hawk, blow, spit and disgust everybody with your offensive breath, but use Dr. Sage's Catarrh Remedy and end it.

Summons.

IN THE DISTRICT COURT OF THE Seventh Judicial District of the State of Nevada, in and for the county of Washoe.

The State of Nevada sends to Robert Heene greeting: You are required to appear in an action commenced against you as defendant, by the Central Pacific Railroad Company, as plaintiff, in the District Court of the Seventh Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover judgment against you, Robert Heene, defendant, for the sum of four hundred and fifty and 50/100 (\$450.50) dollars for fourth, fifth, sixth and seventh years interest on the remainder of purchase money, and for the remainder of purchase money arising out of a certain contract with said company, plaintiff, to purchase the E 1/2 of the SE 1/4 of sec. 15, T 19, N 19 E, M 1 D and M, Washoe county, Nevada, containing 30 acres, said contract entered into Sept. 13, 1880; that you be required to pay said sum within 30 days from rendition of judgment, and in case of failure to pay within said 30 days, that the said contract be declared null and void, and that you, defendant, and all persons holding under said contract be forever barred and foreclosed of all right to conveyance thereunder, and that the plaintiff be let into the possession of said premises and for costs herein, and of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court of Reno, in said County. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, T. V. Julian, have hereunto set my hand and affixed the seal of said Court, this 8th day of November, A. D. 1881.

JOHN D. REDDING, Attorney for plaintiff.
